The new Chrome design will be available across desktop on PC and Mac, and of course on the mobile versions of Chrome on iOS and Android.. "A decade later, it's still the tool people use to access all of the websites and applications that help them do what they want to do.. Chrome's new tabs are designed to be easier to see at a glance, which will be useful for those who like to have far too many tabs open in their browser.. Chrome is getting a new look today, The new design includes rounded shapes and tabs, a fresh color palette, and updated icons.. Google is also getting an improved password manager that will automatically generate and suggest a strong password for sites when you sign up to them.. As Chrome heads into the next 10 years, we want to expand that window—so you can see more and do more.. Google is making some changes to how autofill works in Chrome This latest version, Chrome 69, will more accurately fill in passwords, addresses, and credit card numbers into forms and store this information in a Google Account. cea114251b [Skyrim Wear Two Rings](#)
